Actionable
Intelligence

No Overhead &
No IT Required

The PowerHealth OnDemand® Performance Platform puts healthcare organizations on the fast track to optimizing operations by providing the management visibility required to control and manage costs, maximize revenues, optimize resource utilization, and improve quality of care. The Platform eliminates common overhead and data access issues across the organization's continuum so that executives, directors and department managers can effectively maintain and control operations with real-time performance information. PowerHealth OnDemand® is Healthcare's leading answer to delivering organized access to critical information through our intuitive and interactive platform that can be implemented in days - not months or years.

Beyond reporting, OnDemand's Guided Intelligence™ provides organized answers you need for true performance improvement

PowerHealth OnDemand®'s unique Guided Intelligence™ effectively streamlines data integration and information gathering processes for executives, management, and analysts that will help turn raw data into actionable intelligence throughout your enterprise. Guided Intelligence™ utilizes predictive analytics to aggregate data from disparate sources and then provides the answers you need to achieve breakthrough performance throughout your operations.

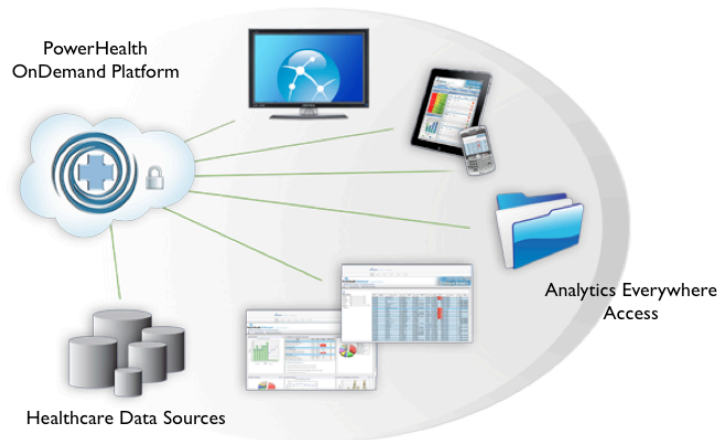

With the PowerHealth OnDemand® Platform, you gain:

- *Enterprise analytics and reporting.* Instantly view and analyze the health of your organization with integrated financial, clinical operations, quality, and revenue data through a single source.
- *Complete, user-friendly performance management solution* including Cost Accounting, Revenue Management, and OnDemand Analytics to meet the future of Healthcare head-on
- *Anytime, anywhere access.* Web-hosted and managed for you, our Software as a Service (SaaS) platform gives you the answers you need when and where you need them - on demand! PowerHealth does all the work of managing the technology so you can focus on managing your enterprise.
- *Proactive reporting and efficiency.* The solution transfers data into an easy-to-navigate platform so your answers are accurate, automated and easy to distribute.
- *Established tracking of statutory reporting and key performance indicators (KPIs)* aligned to operational metrics and goals.
- *Immediate business value when you subscribe.* No IT overhead, no long term contracts, and no capital expenditures

A future-proof foundation to support Healthcare's shifting paradigm

Our HIPAA and SAS 70 certified data centers, secure network, and integration with leading healthcare information systems form the foundation of our PowerHealth OnDemand® services. With our PowerHealth OnDemand® Platform, your organization benefits from:

- PowerHealth fully maintaining the environment - no IT or overhead to manage
- Efficient and effective integration and data management - finally!
- Anytime access and automated updates for your entire organization
- User self-service and automated reporting and access
- Proven lowest total cost of ownership available to organizations of all sizes

From Dashboards to Ultimate Details - the benefits are right in front of you

- *Visual interpretations of performance management* through dynamic dashboards, intuitive analysis grids, and access to ultimate detail
- *Immediate results* for monitoring and managing enterprise activities to identify exceptions or problem events, and take action to resolve incidents that will improve financial and clinical outcomes
- *Proactive reporting and efficiency*: The solution automates the transfer of data into an easy-to-navigate platform so your reporting is ready, accurate, and easy to distribute. And comes with the exclusive PowerHealth Guided Intelligence™ and accountability for all users.
- *Collaborative management decisions*: Users will have access to one version of the facts
- *Focused insight* into your organization turning data into actionable intelligence
